Sherrus Gallery of Fine Art in Northville welcomes the public to a First Friday Art Walk Event premiering an exhibit of never-before-displayed works by multi-media artist, Rocky Seprino. The one-man show will receive extra wattage with two electrifying performances by Julian Pavone, "The World's Youngest Drummer!"

During the opening reception on Friday, September 5th, the public will have the opportunity to witness a display of talent and showmanship as multi-media artist, Rocky Seprino shares the spotlight with Julian Pavone in a fusion of music, video and live painting. While gallery guests are entertained by this unique performance art, wines provided by the Stonefire Grill in Brighton and an array of cheese and crackers will further enhance the enjoyment of all.
